

## Meeting Minutes 11/6

Design Presentation next week:

ToDo: Jake – Talk to Molly about reserving room and setting up system

Presentation Comments:

- See Diagram for more info-
  - Make 2 pathways more clear
- Heat Exchanger
  - Plate and frame heat exchanger-> cheapest and easiest to maintain
  - Ja-Shell and tube best for long term maintenance.
  - E- for proof of concept is long term analysis needed?
  - Add filter before heat exchanger
- Porous media heat transfer- see new employee
- Add:
  - Summary Slide
  - Solar collection comparison
  - Equations to page
  - All information to Wiki-Page
  - Vacuum solar thermal collectors
  - M-slide w/ questions to answer
